PLEASE NOTE: The following information is from the 2003 Annual Report Provider Guide and provides an explanation of how the counts are obtained.

Table B: Persons Served

B1. Item B1 records the number of people, who are homeless and have serious mental illnesses, served by the reporting PATH-funded provider, regardless of funding source, but supported in some measure by **federal** PATH funds. Items B2a, b, c, d, B3 and B4 record data on a subset of persons reported in B1. **This figure should include PATH clients who became enrolled during the fiscal year being reported, plus all other homeless persons with serious mental illness served by the PATH-funded organization.**

B2a. Item B2a records the number of persons contacted through outreach using only **federal** PATH funds in FY 2003. This figure should include persons who became enrolled PATH clients, as well as those clients who were not enrolled (e.g. due to ineligibility).

B2b. Item B2b records the subset of persons contacted through outreach who become enrolled as PATH clients using **only federal** PATH funds in FY 2003.

A PATH client is defined as a person (1) who is homeless or at imminent risk of becoming homeless and has a serious mental illness and/or a co-occurring substance use disorder; (2) who receives services supported in some measure with federal PATH funds, and (3) for whom a clinical or other formal record has been prepared, indicating formal enrollment.

B2c. Item B2c counts those who do not become enrolled as PATH clients. This can be for a variety of reasons, such as refusal, the person moves, or the person is ineligible. **Item B2c=Item B2a – Item B2b.**

B2d. Enter number of outreach clients from Item B2c who were **not enrolled due to ineligibility**. Reasons for ineligibility may include no serious mental illness, not homeless or at risk of homelessness, enrollment pending, refused/decided not to enroll, moved/missing, etc. **Item B2d must be less than or equal to Item B2c.**

B3. Item B3 combines the number of enrolled PATH clients (B2b), but **also includes** clients served in a previous year and carried over into FY 2003. It also includes persons who became enrolled by means other than outreach, for example, self-referrals or walk-ins. See item B2b for the definition of an “Enrolled PATH client”. **Item B3 is the control number for Tables C and D.**

B4. Item B4 is a more inclusive measure of the entire population of persons (contacts and clients) using services funded by federal PATH funds during the year. **Item B4=Item B2c + Item B3.**

Table C: Available Services

In Table C, *Available Services*, you provide data on whether you use federal PATH funds to provide each service or not and the number of clients receiving each service. If the service is completely or partially provided using PATH funds, enter the number of enrolled PATH clients receiving the service. This number **cannot exceed** the number reported in item B3. If the service is **provided but not PATH-funded** or **not provided**, enter **zero** for clients served.

Table D: Demographics

This table collects demographic information for enrolled PATH clients. Therefore, **the sum of clients reported in items D 1 - 7 should be the same as the number recorded in Item B3**, which can be found on the top of Table D.

There is one exception. Item D8 requests information only about those clients living outdoors (Item D7a) or in short term shelter (Item D7b) at first contact. Therefore **Item D8 = Item D7a + Item D7b**.

Providers should include all demographic information available on each enrolled client. Some demographic information, (for example, age) may change during the year. When available, information should reflect the status of individuals at first contact. For clients who may leave but re-enter the service system, use their demographic data upon re-entry.

Reporting Burden For States: 26 hours per annual response, including the time for becoming familiar with the form and reporting requirements, sending ID numbers and passwords and cover letter to local providers, obtaining data from local providers, reviewing the data for accuracy, submitting the data to Policy Research Associates, Inc., and revising the data in response to federal review.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: SAMHSA Reports Clearance Officer; Paperwork Reduction Project (0930-0205); Room 16-105, Parklawn Building; 5600 Fishers Lane, Rockville, MD 20857. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is (0930-0205).

PATH State Summary Report for Fiscal Year 2003 North Dakota

Table A: Budget Information

A1	Total annual dollars	\$685,414
